Pretty fun platformer, it's challenging and it's free. If you want to spend a half hour getting mad at a game this one is pretty good. The fact that each stage shares a pool of lives in a world makes it all the more difficult. Give it a try if you have a free half hour.. Is good . I like it , but to short. sry I made 3/4 of the game in a very short time .. horrible game. the game can get hard but it's really fun. Wow, this game it is so amazing ! WOW. Hello this game is awesome. It is a fun game but the developer should really decrease the gravity a bit because water levels are nearly impossible at the end.
